At the bottom of the screenshot, a file save dialog box is open, asking: "Do you want to run or save ebs_ver511.exe (11.0 MB) from eprpw.dot.utah.gov?". The dialog has buttons for Run, Save, and Cancel. A red arrow points to the Save button.

5) 'Install Shield Wizard' process will start. Click, "Next" to continue the process. The installation will create a directory on the 'C' drive called 'EBS' and install the EBS software in a sub-directory 'UDOT'.

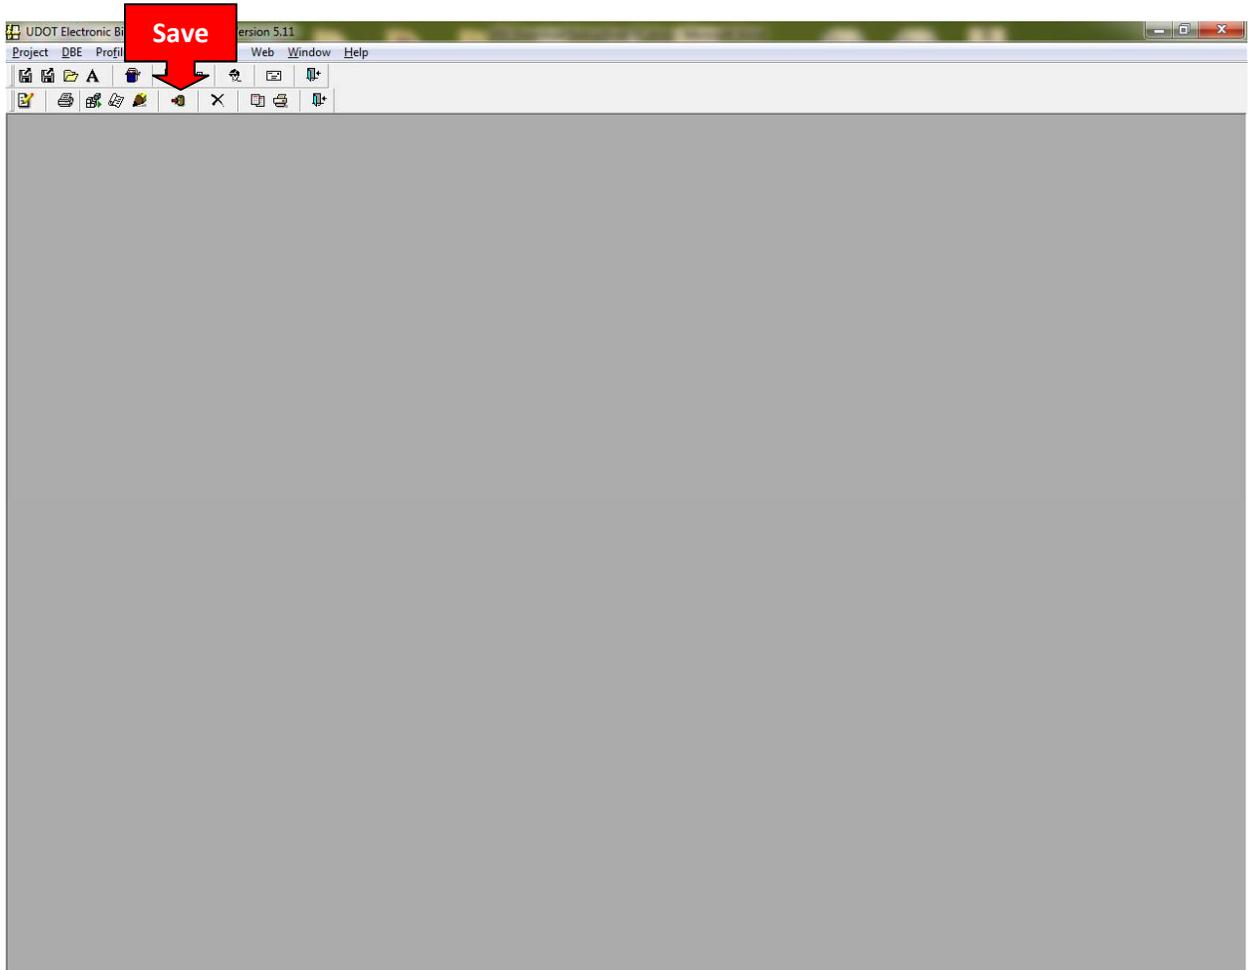

The installation process also creates a sub-directory in the 'EBS' directory called 'Download'. The 'Download' sub-directory can optionally be used to keep the project bid file, DBE Directory and Subcontractor File downloaded from the UDOT website for bidding.

- 6) After the 'Install Shield Wizard' has completed installation, the UDOT EBS icon is added to your desktop.

IF you are a 1st time bidder, the following screen will populate. Please complete the information and then hit “Save”.
