

ATTENTION UDOT CONSTRUCTION PROJECT BIDDERS:

CONTRACTOR **TESTING** of the ELECTRONIC SUBMISSION for UDOT Construction projects is now available!

Access “Project Explorer”. You will find to the right of login the key “Submit Bids Here”. A demo view key is also available at the same location. Under “Advertised Projects” will be several “test” projects. The test projects can be used to become familiar with the new process and will simulate error messages and alert you on the success of the load.

For preparation of the TEST bid.

1. Use the UDOT EBS bid module for the test bid.
2. “Save” your test bid under Transmit Bid. This will encrypt your file and save your test bid to your local selected drive.
3. “Submit Test Bids” will ask you to select the project number and will offer a browse option to select the appropriate directory and test project for submission.
4. “Submit Test Bids” will be available for 24 hours prior to the 2:00 pm test bid open date for test projects.
5. The test bid opening dates are as follows:
June 13th 2011 – 2pm
June 15th 2011 – 2pm

“Submit Bids Here” is scheduled to become active beginning June 21, 2011 which could change based upon test results.

For bid openings prior to June 21, 2011, please continue to use the manual bid submittal process.

For contact information refer to the demo view.
